STIMULATES LEAN MUSCLE GROWTH

Are you interested in turning your body into a Lean Machine? Finding a high quality protein powder to supplement your diet can be an invaluable tool for both muscle growth and fat loss. Congratulations on choosing Lean Machine Whey Protein. Not only is Lean Machine Whey a high protein, low carb shake, it's one of the best tasting proteins on the market!

Lean Machine Whey Protein is comprised of a unique blend of cross flow ultra filtered whey protein concentrate, a powerful amino acid complex and a broad range of vitamins and minerals. Lean Machine Whey Protein improves nitrogen balance, muscle growth, and protein synthesis to repair and ignite lean muscle tissue during exercise.

New studies have shown that the blend of whey concentrate used in Lean Machine Protein may boost IGF 1 (insulin like growth factor) which helps the body build lean muscle while burning fat.

Lean Machine Protein is an excellent protein choice for individuals of all ages. It provides a number of benefits in areas including sports nutrition, weight management, immune support, bone health, and general wellness.

Suggested Use: Mix one scoop of Lean Machine Whey Protein with 6-8 ounces of milk, water or yogurt. Lean Machine Whey Protein mixes and dissolves instantly for a great tasting shake.
